

Registration this year will be online through Skyward Family Access. In order to register, log in to Skyward Family Access. Once you have logged in, select the student that you are registering and follow the online enrollment prompts from there. Repeat the process to register any additional students in your family.

*****A couple of tips about your parent login in case you do not know or remember it:**

1. There is one login for your whole family, so if you have junior high or high school students that you have already registered on Skyward, you will be using the same login for your elementary students.
2. Your login is typically the first 5 letters of your last name, the first 3 letters of the first name of your head of household, and then 3 zeros (not capital letter O). For example, if your head of household's name is Henry Johnson, then your username would most likely be johnshen000. If there are other Henry Johnsons in the district, then it is possible that your login would end with 001, 002, 003, etc... instead of 3 zeros.

If these tips do not help you with your login, call the school (801-565-7508) for additional help. Forgotten passwords may be retrieved by using the “forgot password” link on the login page.
