

SCC Meeting 9/14/22

Members present:

Laurie Goodsell, Tim Pluta, David Bird, Rochelle Mann, Steve Campbell, Evonne Ballard and Jerilyn Schafer

Co-chairs for '22-'23 will be selected soon. Please email Ms. Goodsell by Friday with your two votes for co-chair. David Bird, Jessie Stuart and Rachelle Mann have all voiced their interest in the position.

Achievement Data

RISE Data: Ms. Goodsell gave members a review of RISE data. All grade levels did well, and Ms. Goodsell has requested data from the district that removes the ALPS data so we can get a better understanding of how students that are not in the ALPS program are performing.

Acadience Data: Ms. Goodsell gave members a review of Acadience data.

She also reviewed what literacy skills students need to master by the end of the school year for each grade level.

A question regarding the "kindergarten dip" was addressed by Ms. Goodsell and Mr. Pluta.

SCC Purpose- A group at each school that exists to oversee LAND Trust funds. A video was shown to further explain the purpose of the SCC and what LAND Trust funds are.

Clarification of information in the video: We won't have elections because not enough people have shown interest in being part of the SCC. The pamphlet referenced in the video is likely available online.

Our LAND Trust fund report is usually due at the end of March. Ms. Goodsell will send out the plan and we can modify it as necessary. We've typically purchased Chromebooks (usually 90 per year) and ESPs (Math and Reading Interventionists) with the funds.

We'll have quarterly meetings. Meetings will likely be held in October, January, March and May. Tuesdays at 5:30 works well for most members.
